

NIEVES GÓMEZ

After several years working in the commercial sector and leading teams, I decided to make a change and dive into the world of development. I have extensive experience working with people, solving problems, and making quick decisions. I love learning new things, working in teams, and facing challenges. Now, with a solid foundation in programming and a strong desire to grow, I aim to contribute value with a practical, human, and energetic approach.

PROFESIONAL SKILLS AND HOBBIES

Languages: Spanish (native), English (B1+).

I love traveling, especially by train. Although I never say no to a good motorcycle trip.
Since traveling isn't always possible, binge-watching a good series sounds like a great plan to me.
